**Comments & Conclusions:** Lanes 4, 5 are the test sample CISTANCHE EXTRACT (CT2-200921). Lanes 1, 2, 3, 6, 7, are the reference samples used for comparison. This test sample, CISTANCHE EXTRACT (CT2-200921) is consistent with the chromatographic profile of the reference samples of *Cistanche* sp., used above. **This test sample CISTANCHE EXTRACT (CT2-200921) has characteristics of *Cistanche* sp. stem.**

**NOTE:** The above conclusion may be a function of the natural variance found in botanicals &/or the extraction process used to create specific extracts. The growing and drying conditions, age, seasonal variations, geographic location, extraction solvents, etc. all play a role in the phytochemical fingerprint of botanicals as well as their extracts; hence, chromatographic variations are expected.
